MAHALO TO THE CLASS OF 2002

For we Americans, the past several months have been all about reinstating our patriotic responsibilities. Sometimes the simplest thing is right before us and we just don't recognize it. As you look at our list of contributors, please note that many of the members of the class of 2002 have made contributions to the Foundation. The mere fact that they recognize the importance of "giving back" is truly heartwarming. These students have learned an important life long lesson. Pride in our school and community ultimately builds a stronger country. They will in all likelihood continue to "give back" because they have had such wonderful beginnings. Under the guidance of Barbara Kakuda, a McKinley alumni class of 1966, they have begun their life's journey in the right direction. We salute the class of 2002, they have set an example for all of us, let's take up the challenge and encourage each of our classes to "match" their numbers and help to make a difference.

1989 - THE BEGINNING

The McKinley High School Foundation was established in 1989 as a 501 (c)3 entity by visionary alumni-educators wanting to enhance educational opportunities for students at McKinley through contributions from alumni and friends. Its purpose is to financially support the school in its mission of providing a positive, nurturing learning environment that would maximize the potential of each individual student to become a more responsible, caring and contributing citizen of our society. Financial support is provided to promote and foster the development of the school; to grant scholarships, loans and other assistance to students and faculty; to buy school equipment and support learning activities; and to encourage scholarship and good citizenship among members of the school community.

Since its beginning, the Foundation has provided thousands of dollars to McKinley and its students thanks to the many contributions from friends like you. Scholarships to worthy graduating seniors are a big part of the Foundation's mission. Last school year 30 deserving students were awarded scholarships. You would be proud knowing your contributions are being well spent on outstanding McKinley students who achieve academically, in extra curricular activities, in sports, in community service, and in overcoming life's obstacles. Many of these students would not have been able to attend college unless they received financial help from the Foundation. In turn, the Foundation depends on contributions, including Will bequests, from generous and caring alumni, friends and students.

PLANNED GIVING

Would you like the satisfaction of knowing that you will help McKinley High School, its teachers and students, for years to come, as well as providing for your loved ones? You can do so by making a will bequest to the McKinley High School Foundation. Because the Foundation is recognized by the Internal Revenue Service as a charitable organization, a bequest would be tax deductible.

For more information, please complete the coupon below and mail it to the McKinley High School Foundation or you may call Philip Russell ('63), First Vice President of the McKinley High School Foundation, at (808) 524-5151 ext 124.
