

## PRESIDENT'S MESSAGE

STEVE HIRANO

Aloha,

It seems as though the past few months since our last newsletter have literally flown by. Our country has gone through a horrific tragedy. Now more than ever we must ensure that our youth are prepared to lead us in this new century. I would like to take this opportunity to thank the many of you who have supported the Foundation. Also, a big mahalo to those of you who attended the Foundation Fundraising Tribute Dinner held on November 1, 2001. A

special thank you to our honorees; Ms. Gladys Brandt, Dr. Fujio Matsuda and Dr. Richard Kosaki. We are truly grateful to them. We also extend our deepest gratitude to the two co-chairs Ms. Tertia Freas and Mr. Bruce Nakaoka. Without their hard work the dinner would not have been the success that it was.

As many of you know – an organization is only as good as the people behind it, in the case of the Foundation, this would undoubtedly mean the board of directors, who have given so generously of their time and resources. I, for one, am sincerely appreciative of this dedication, from the tedious job of treasurer, the arduous task of selecting our Scholarship recipients to the unpopular job of recording monthly meeting minutes. The board members have performed their duties willingly and professionally. In this issue we will introduce you to some of our board members as we salute their efforts. In the future newsletters we hope to eventually feature all of the board members.

As always we welcome your comments and input, you may use the remittance envelope that is attached to this newsletter. You may also call the Foundation at 536-3832.

Thank you for your continued support

*Steve Hirano*

## THE MCKINLEY ROBOTICS TEAM “KIKI MANA” MAKES IT TO THE NATIONAL CHAMPIONSHIPS!

The McKinley High School Robotics Team will be going to Orlando, Florida for the FIRST Robotics National Championships at Disney/Epcot Center. They qualify for the Nationals because at the Regional Competition the team received two excellence in engineering design awards, along with the judges award, and the team finalist standing that was received from Silicon Valley and Southern California regionals earlier this month. The major sponsors of the team have been, Harry & Jeanette Weinberg Foundation, NASA Ames Research Center, HECO and the McKinley High School Foundation. There were also many other supporters, too numerous to name – on behalf of the “Team” we thank you.

The team, along with Waialua High School's Team, will be representing Hawaii for the first time at the national competition. We wish them the best of luck and salute the members of the team: 1) Li-Anne Dela Vega 2) Brian Do 3) Matthew Kunita 4) Anne Lam 5) Anna Li 6) Ike Nagamine 7) Ezra Ng 8) Michael Owens 9) Long Phan 10) Kelly Schalow 11) Tat-Hong Wong. It goes without saying that the team can only be as good as its' leaders the Foundation recognizes the many hours that goes into building and preparing for a competition of this magnitude, Milton Lau and Henry Kusunoki are the engine behind the McKinley Team. Thank you Milton and Henry for the many hours that you have put in to make this possible.

## DISTINGUISHED ALUMNI HONORED

On November 1, 2001, the McKinley High School Foundation honored Ms. Gladys Brandt class of 1925; Dr. Fujio Matsuda class of 1942 and Dr. Richard Kosaki class of 1942 at a Tribute Dinner held at the Hilton Hawaiian Village. It was a wonderful evening with over 350 people attending.

Ms. Brandt, throughout her life has made many contributions to the community. She served on the University of Hawaii Board of Regents from 1983 to 1989, four years as chairwoman. In October of 2001 the Board of Regents voted to rename the Hawaiian Studies Center Kamakakuokalani, the Hawaiian name of Gladys Brandt. On February 28, 2002 a rededication ceremony for the building was held.

Dr. Fujio Matsuda has spent his entire life giving back to others, going back to World War II when he volunteered for the famous 442<sup>nd</sup> Regimental Combat Team. After obtaining his doctorate degree from MIT, he returned to the University of Hawaii where he served as president from 1974 to 1984. Dr. Matsuda is retired but still serves on several boards.

Dr. Richard Kosaki, the founding father of the McKinley High School Foundation, is a visionary that not only saw the potential and need for the McKinley High School Foundation, he was also on the original "team" of masterminds that established the University of Hawaii Community College System. He was the founding president of the Hawaii Tokai International College. Dr. Kosaki is retired but continues to "give back" to the community.

Andy Bumatai (son-in-law of Dr. Matsuda) emceed the event. The McKinley High School Chamber Orchestra under the direction of Donna Hesch provided music. What a memorable evening it was! A special thanks to the co-chairs Ms. Tertia Freas and Mr. Bruce Nakaoka. They did an outstanding job and we are most grateful to them. We would also like to thank all those who attended.

## ARTWORK PRESENTED TO HONOREES

The honorees were presented with some very special artwork. Three students from the class of 2002 donated their works of art to the honorees. These students exemplify just how talented our students are. We are delighted to recognize their talent and we sincerely thank them for their contribution. We know that the honorees will treasure these unique mementos.

**In Sun Lee;** artwork presented to Ms. Gladys Brandt was done by In Sun Lee. She writes that she was proud that she could do something for McKinley by using her talent. She hopes that the honoree will like her drawing.

**Hanyoung Cho;** Hanyoung says "It was my pleasure to draw McKinley High School during my senior year. I also hope that the honoree will enjoy my drawing along with all the memories you had before". Dr. Fujio Matsuda was presented with Hanyoung's drawing.

**Weiling Tseng;** Weiling felt great painting the McKinley campus, although it was her first watercolor. She hopes that the honoree likes it and that it will bring back wonderful memories. Weiling's watercolor painting was presented to Dr. Richard Kosaki.

*Dr. Richard Kosaki, Gladys Brandt and Dr. Fujio Matsuda display the student's artwork.*

*McKinley High School Chamber Orchestra entertained the attendees with their talented renditions. The orchestra, under the direction of Ms. Donna Hesch, is an example of why McKinley High School is repeatedly in the spotlight. We thank the Orchestra for helping to instill that "Tiger Pride".*

*President Steve Hirano, Co-chair Tertia Freas and Principal Milton Shishido share a light moment before the dinner.*

*Emcee Andy Bumatai, as always Andy kept everyone laughing – Andy has that endearing way of making us see the humor in any situation. A true talent we thank him for his contribution.*

*2001 Scholarship Recipients stand to accept a much deserved round of applause. We are pleased to honor them, and we wish them the very best in the future. Clockwise, Yi Hong Wu, Wendy Chen, Timmy Kwan and Ngoc Dam.*

*One of the Foundation's first Scholarship Recipients, Elijah Yip presents Gladys Brandt with artwork painted by In Sun Lee. Elijah now an attorney with the firm Cades Schutte Fleming and Wright, is a shining example of what our Scholarship Recipients achieve, we are extremely proud of Elijah and the success of our other recipients.*

## NOTES FROM HERE AND THERE

You never know when or where you will come across an alumnus from McKinley High School. If any of you have read Jim Patterson's latest best seller "Violets Are Blue" you should note that the Allen Pang mentioned in chapter 9 is a McKinley alumnus. Allen writes "Patterson places me in California for the story's sake" Patterson and Allen Pang (class of 1940 and a retired dentist) golf together.

On March 12, 2001 a McKinley alumnus, Neal Takamori, played a crucial part in saving the life of Moe Keale. While working out at the 24 Hours Fitness Center in Kaneohe, Mr. Keale suffered a heart attack, Neal performed CPR until the Emergency Medical Technicians arrived. The Honolulu Police Department presented Neal with a citation for his part in saving Mr. Keale's life. Sadly, as we were getting ready to go to press, Mr. Keale suffered another heart attack and passed away. However, we wanted to acknowledge Neal and his good deed.

We, at the Foundation, hear from many of our friends and alumni that they enjoy receiving the newsletter – it is our desire to share our newsletter with as many of you as possible. If you get your class list to the Foundation we will be more than happy to make sure that they are put on our mailing list.

*We are pleased to report that the "Robotics Team" placed 6th out of 73 teams at the National Championship held in Orlando, Florida. Way to go!*
